YOUR SUPPORT ADVANCES BOLD POLICY CHANGE

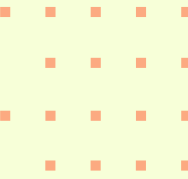

Guests enjoying our 2019 Changemakers Dinner

EOI's policy team partners with a wide range of coalitions, community partners, labor unions, elected officials, and businesses to identify where transformative systems change is needed for communities in Washington State to thrive. We leverage a collaborative advocacy approach that includes coordinated action alerts, public testimony, educational presentations, and listening sessions with the community.

As we create innovative strategies that promote an economy of care, we recognize that our work doesn't stop once a policy initiative is passed. EOI follows policies through implementation and partners with community members to ensure they remain equitable. Through our commitment to progressive policy work, believe a brighter future is possible.
